

Dear Parents/Carers

After the Government announcement last night, Nursery will be closed after Friday 20<sup>th</sup> March until further notice, except for children that are considered vulnerable, and for children of parents that are key workers. We are waiting for the list from the Government regarding what is classed as a key worker. If you believe you are a key worker, please speak to the office.

We anticipate numbers will be very low from Monday. We have some members of staff that have had to self – isolate due to their own health. Until next week we will not know how many children will be attending. Once we know we will inform parents of any changes, such as only running a morning session, or potentially offering nursery provision at one of the other Maintained Nursery Schools. We will keep Parents/Carers updated at school, and during the next few weeks via Twitter, Facebook and our Website, please check regularly.

We thank you for your patience at this time

Beccy

Headteacher
