

Planning for your child's Learning Journey

Next week we will be focusing on your child. We will be observing them while they play to find out more about their interests and how they are progressing. At the end of the week I will arrange to meet with you for 5-10 minutes to show you your child's observed learning and interests.

It would really help us if you could take some photographs of your child/family enjoying activities outside of school. This might be the weekly trip to the supermarket, or the park, or visiting other family members, or even being in the family home.

We value the knowledge and understanding you have of your child and would really appreciate it if you would share this with us so that we can work together to support your child's learning and development.

It would be helpful if this sheet and any photographs were emailed to me by _____

Photographs can be sent to my email _____

Thank you in advance for any information you share. _____

Is there anything significant happening in your child's life at the moment e.g. visits, holidays, new pets, family celebrations. Is there anything you would like to share with us about your child?

Is there anything you would like to share with us about your child's progress and development?
